and all accessories and appurtenances thereof.

1. Administration

The Municipal Administrator has authority to shut off water for any consumer or consumers for any reason which, in the opinion of the Municipal Administrator, necessitates such shutting off, provided that the Municipal Administrator shall give notice of such shutting off.

2. General Provisions – Water and Sewer

- a) The Water and Sewer Utility of the Village of Breton comprising of feed mains, sewer mains, intermediate mains, lift stations, service pipes, fire hydrants, valves, meters, service and all other appurtenances together with the sale of water, shall be under the management and control of the Municipal Administrator.
- b) The Village does not guarantee the pressure nor the continuous supply of water and the Village reserves the right at any and all times without notice to change the operating water pressure and to shut off water and neither the Village, its officers, employees or agents shall be liable for the change in water pressure nor for the shutting off of water nor by reason of the water containing sediments, deposits or other foreign matter.
- c) No consumer shall operate, use, interfere with, obstruct or impede access to the water utility or any portion thereof in any manner not expressly permitted by this Bylaw, in default of which, the Municipal Administrator may cause the water supplied to such consumer to be shut off until such consumer complies with all of the provisions of this Bylaw.
- d) No consumer shall lend, sell or otherwise dispose of water unless specifically licensed or permitted by the Village of Breton to do so.
- e) Any consumer complaining of a failure or interruption of water or sewer service, the investigation of which complaint necessitates the opening up and excavating of a street, shall prior to such opening up and excavating deposit with the Village the cost set out in Schedule "A". In the event that such failure or interruption was caused by the Village service, such deposit shall be refunded, but in the event that such failure or interruption was caused by the private service, the actual cost of such work shall be paid by the consumer and the said deposit shall be applied thereto, any excess to be refunded to the consumer and any deficiency shall be collectible in the same manner as water rates.
- f) No consumer shall cause, permit or allow to remain connected to his water supply any piping, fixture, fitting, container or other apparatus which may cause water from a source other than the water utility or any other harmful or deleterious liquid or substance to enter the water utility. The Municipal Administrator may cause the water supply to any consumer contravening the provisions of this section to be shut off provided that the Municipal Administrator shall give notice to such consumer prior to such water supply being shut off. The water supply to such consumer shall not be restored until such consumer has paid to the Village all costs associated with the shutting off of the water supply.
- g) The provisions of the Bylaw shall form part of any contract between the consumer and the Village for the supply of water hereunder which supply shall be subject to all the provisions of this Bylaw.

3. Meters

- a) Meters will be installed to certain businesses within the Village of Breton at the Municipal Administrator's discretion.
- b) Meters must not be installed within the Village unless approved by the Municipal Administrator.
- c) Approved meters within the Village will be read bi-monthly to coincide with the

Village of Breton
BYLAW # 10-03

utility bills.

- d) In the event a meter reading is disputed by either the Village or the consumer, a written notice shall be given to the other. Following written notice, a meter situated on the premises of such consumer shall be tested or calibrated by a proper official delegated by the Village. In the event that the said meter is found to be accurate within 98.5% to 101.5% of the water passing through same, the expense of such test or calibration shall be borne by the party giving such notice. In the event that the said meter is found not to be accurate within the aforesaid limits, the same shall forthwith be repaired or replaced by another meter and the expense of so doing shall be borne by the Village.
- e) In the event that a meter is found not to be accurate within the limits set out in section 3 (d) hereof, the accounts based upon the reading of that meter from the maximum of two (2) month bills rendered immediately preceding the date of such test or calibration shall be corrected in proportion to the error of the meter in excess of the aforesaid limits. The consumer shall then pay or be refunded to the consumer, as the case may be, the amount so determined which payment or refund shall be accepted by both the Village and the owner as settlement in full to the date thereof of all claims or account of such meter.
- f) If upon the reading of a meter it is determined that the meter has failed to properly record the flow of water, the Municipal Administrator shall estimate the flow and render an account based upon such method as he considers to be fair and equitable.
- g) Every consumer shall provide adequate protection for the meter supplied by the Village against freezing, heat or any other internal or external damage failing which the consumer shall pay to the Village all costs associated with the repair of such meter which amounts shall be recoverable in the same manner as water rates.

4. Service and Servicing

- a) **Owner Responsibility**
The owner of a parcel of land is responsible for the construction, maintenance and repair of a service connection of a municipal public utility located above, on or underneath the parcel.
- b) Any person occupying any premises connected to a street main by a sewer service line, shall be required to keep the said sewer service line in operational condition at all times, and shall be fully responsible for the operation of the said sewer line.
- c) Should the Village be required to clear any plugged sewer service line, the person making such request shall be liable to all costs incurred by the Village in clearing the plugged sewer on the owner's property.
- d) In case of any blockage, either wholly or in part, of said sewage system is caused by reason of failure, omission or neglect to comply strictly with the foregoing provisions, the owner, proprietor or occupier concerned therein shall, in addition to any penalty for infraction of the provisions hereof, be liable to the Village of all costs of clearing such blockage and for any other amount for which the Village may be held legally liable because of such blockage.
- e) **Application for New Service Connection**
Any person who desires a service connection from the Village must apply to the Village for a development permit along with the appropriate fee. There is a waiting period of 14 days from the time the Development Permit is issued to when the work is to commence.
- f) **Plumbers and Plumbing Contractors**
All persons doing any work or service upon a private service or the plumbing system attached thereto shall comply with the provisions of the Plumbing and Drainage Regulations of the Department of Health or the Province of Alberta and any Bylaws of the Village applicable thereto.

**Village of Breton
BYLAW # 10-03**

- g) **Number of Services**
Unless the Municipal Administrator otherwise approves, there shall not be more than one private service to any building or site.
- h) **Depth of Service**
Unless otherwise approved by the Municipal Administrator a private service shall be buried to a depth of a minimum of eight (8) feet at the property line.
- i) **Service Kill**
No permit for the demolition or removal of a building shall be issued by the Village nor shall any person cause, permit or allow to be demolished or removed, a building connected to a water main until a Development Permit has been issued by the Village and the water supply has been shut off. Notwithstanding the foregoing, the Municipal Administrator may in circumstances which he considers appropriate permit the service to remain connected to the water main.
- j) **Thawing Service**
The cost of thawing a frozen service shall be borne as follows:
 - i) If the private service or the plumbing system connected thereto is frozen, as determined by the Municipal Administrator, costs shall be borne by the consumer.
 - ii) If the Village service is frozen as a result of the negligence of the consumer, as determined by the Municipal Administrator, costs shall be borne by the consumer.
 - iii) If the Village service is frozen, by no fault of the consumer, as determined by the Municipal Administrator, costs shall be borne by the Village.
 - iv) The Village shall not thaw a private service or plumbing system unless the consumer has first signed an acknowledgement recognizing that thawing may be inherently dangerous to property including the private service or plumbing system and may cause damage to electrical systems or the outbreak of fire and waiving any claim against the Village for any such damage whatsoever.
- k) **Size**
The size of the service required for residential purposes shall be determined by the Plumbing and Drainage Regulation of the Province of Alberta, providing that the Village shall not install a service having a size smaller than four (4) inches.
- l) **Boilers and the Like**
In any case where a boiler or equipment of a nature similar to that of a boiler is supplied directly from a service, such boiler or other equipment shall be equipped with at least one safety valve, vacuum valve or other device sufficient to prevent the collapse or explosion thereof in the event the water supply thereto is shut off.
- m) **Termination**
The supply of water to any consumer may be shut off for any or all of the following reasons:
 - 1) Repair
 - 2) Want of Supply
 - 3) Non-Payment of Accounts Rendered
 - 4) Defective piping, or
 - 5) For any reason which the Municipal Administrator or Council considers sufficient.
- n) **Requested Water Turn On**
If a consumer wants the water turned on for his place of residence, or rental unit, he shall contact the Village, either by phone or in person, giving 24 hours notice. If a renter requires the water

Village of Breton
BYLAW # 10-03

turned on in the property he is renting, there must be a two (2) month deposit given to the Village, which will be used if there is an outstanding balance on account when he moves.

- o) Requested Water Turn Off
If a consumer requires the supply of water to be shut off for his own purposes, he shall contact the Village, either by phone or in person, giving 24 hours notice. There shall be a \$20.00 reconnect fee for water service.

5. Grease and Grease Traps

- a) The Village Public Works Foreman or his appointee shall have the right at all reasonable times to enter businesses which have been connected to the Village Sewers, to ascertain whether or not any improper liquid or material is being discharged into the sewers, and he shall have the power to stop or prevent from being discharged into the sewer system any private sewer or drain through which substances are discharged, which are liable to damage or injure the sewers or obstruct the flow of sewage.
- b) Grease Traps of sufficient size and approved design shall be placed on the waste pipes from all hotels, restaurants, laundries and such other places as the Village, under advisement, may direct.
- c) If no Grease Trap is installed, then a grease interceptor will be required for all types of businesses where in the opinion of the Village, they are necessary for the proper handling of liquid waste containing grease in excessive amounts, or any flammable wastes, or harmful ingredients, except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be readily and easily accessible for cleaning and inspection. Where installed, the owner at his expense shall maintain all grease interceptors in continuously efficient operation at all times.

6. Water Valves/Hydrants

- a) No person, corporation, consumer other than authorized by the Municipal Administrator shall open, close, operate or interfere with any valve, hydrant or fire plug or draw water therefrom. Any unauthorized person or persons found opening or closing of hydrants and valves shall be fined a minimum of one hundred (\$100.00) dollars for the first offence. Subsequent offences shall be fined as per Schedule A.
- b) The Chief of the Village Fire Department, his assistants and officers, and members of that department are authorized to use the hydrants or plugs for the purposes of extinguishing fires or for making trail of hose, pipe or for fire protection; that all such users shall be under the direction and supervision of the said Chief or his duly authorized assistants; and in no event shall an inexperienced or incompetent person be permitted to manipulate or control in any way any hydrant or plug.
- c) No person shall in any manner obstruct the free access to any hydrant or valve or curb stop. No vehicle, building, rubbish or any other matter which would cause such obstruction shall be placed nearer to the hydrant than the property line of the street in which the hydrant is located; nor within fifteen (15) feet of the hydrant in a direction parallel with the said property line.
- d) The Village shall assume the full responsibility and costs for any water service line, which may hereinafter be frozen or broken between the property line and the street main. Any water service line frozen or broken between the property line and the residence shall be the responsibility of the person owning the property.

7. Sewer System

- a) No drain or private sewer shall be connected to the Village sewer until the owner thereof shall have obtained a Development Permit for sewer connection, and submitted payment for said permit to the Village Office. All applications must be accompanied by a plan showing in detail

Village of Breton
BYLAW # 10-03

the contemplated connection, the exact location and elevation thereof, and specify fully the character of the work to be done, the sizes of all pipes and the location and type of all fittings.

- b) It shall be the consideration of the granting of any application for a sewer connection, that the Village or any of its employees shall not be liable for any damage whatsoever in nature caused either directly or indirectly by such sewer connection and the applicant shall be responsible for backfill, surface replacement, safety, etc.
- c) The Village may revoke or annul any permit that may have been granted to connect to the Village services if it shall find that any of the work is not being done in accordance to this Bylaw.

8. Garbage

- a) No householder, proprietor, or other person within the Village shall dispose of garbage except in accordance with the Bylaw.
- b) Garbage shall be at the pick-up location by 7:00 a.m. on collection day.
- c) Garbage collection shall be once a week.
- d) There shall be a six (6) bag limit per week per household.
- e) The owner or occupant of every dwelling shall provide sufficient garbage cans to contain the garbage generated from those premises during the period between garbage collections.
- f) The owner of every business must produce to the Village a copy of their agreement with the Garbage Collection Agency contracted by the Village, or will be billed by the Village for garbage collection.
- g) No person shall place or keep any garbage can or receptacle for waste upon any lane or street in the Village except as specifically provided in this Bylaw.
- h) Every household or proprietor shall maintain and keep in good condition sufficient garbage cans as required by the Bylaw for all garbage upon the premises owned or occupied by him, and shall ensure that a cover is kept securely over the mouth of all such cans except when said cans are actually being filled or emptied.
- i) Every household, proprietor, or other person shall dispose of garbage upon the premise owned or occupied by him by placing or causing the same to be placed in a garbage can maintained for that purpose, or in such other container as is specifically permitted by this bylaw.
- j) The owner, tenant, occupant or other person in charge of a dwelling or other building shall at all times ensure that garbage cans, or other receptacles provided for the purpose are not allowed to spill over or accumulate on any land or street or adjoining public or private property. Every such person shall be held responsible for any violation of this section regardless of the cause of such violation. Failure to contain garbage in approved containers may result in a fine under the Unsightly Premises Bylaw 98-10.
- k) Where any premises is served by a lane, all garbage from such premises shall be placed in garbage cans for collection at a location within five (5) feet or 1.5 metres of such lane, but not in the lane.
- l) Where any premises is not served by a lane, or the land is deemed inaccessible, all garbage from such premises shall be placed in garbage cans for collection at a location as close as possible to the travelled portion of an adjacent street but not on a sidewalk or in such location as to interfere in any way with vehicle or pedestrian traffic.

Village of Breton
BYLAW # 10-03

- m) Where garbage cans are placed for collection within any structure, fence, or other enclosure, direct access to the garbage cans from the lane or street shall be provided in every case.
- n) Notwithstanding any other provisions of the bylaw, plastic bags of the type designed for the disposal of domestic refuse, being no larger than 24" x 36" in size may be used for the disposal of garbage under the following conditions:
 - i) Plastic bags containing garbage shall be kept in a structure, fenced area, or other enclosure except when otherwise placed for pick-up on collection day.
 - ii) Plastic bags containing garbage shall be in good repair, and securely closed when deposited for pick-up.
 - iii) Plastic bags when filled shall weigh no more than fifty (50) pounds or twenty-three (23) kilograms, and shall be of sufficient strength to be capable for lifting of contents.
 - iv) Plastic bags of garbage shall be placed for collection in the same manner and location as prescribed in this bylaw for garbage cans, and under no circumstances shall they be near any lane or street other than on collection day.
- o) Clippings from grass, shrubs or trees will not be removed by the Waste Management Company. These may be taken to the Village of Breton's Waste Transfer Site.
- p) No person shall directly or otherwise dispose of or permit any person to dispose of any explosive, inflammable, volatile, noxious or dangerous device, substance or thing in any garbage can. Any person who fails to comply with the provisions of this section shall be deemed to have thereby created an offence and shall be liable to the penalties provided for a breach of this bylaw.
- q) No person shall directly or otherwise dispose of or permit any person to dispose of any hypodermic syringes or needles in any garbage can. These are Bio Hazardous Waste and must be discarded in the appropriate manner, which is to place them in an enclosed container and return them to a pharmacy or veterinary clinic.
- r) No person shall directly or otherwise dispose of or permit any person to dispose of any faeces, whether human or animal or any carcass of any dead animal in any garbage can. Any person who fails to comply with the provisions of this section shall be deemed to have thereby created an offence and shall be liable to the penalties provided for a breach of this bylaw.
- s) Disposal of any refuse by burning is not permitted unless a permit in writing to do so has been received from the Fire Department.

In the event that a permit to burn is issued, the applicant is entirely responsible to see that the burning takes place without danger to other properties or inconvenience to neighbouring properties and the Village shall in no way be held responsible for any damage or inconvenience experienced.
- t) No person shall directly or otherwise dispose of or permit any person to dispose of hot ashes, burning matter, or unwrapped wet garbage in any garbage can.
- u) Except on collection day, all garbage cans shall be kept and maintained on the premises of the householder or proprietor, and any garbage can located on any street or lane in the Village, other than on collection day, may be removed and disposed of at the discretion of the Bylaw Officer without compensation to the owner thereof.
- v) No person other than a lawful user thereof, or any authorized employee of the Village or garbage collection agent, shall open any garbage cans or remove anything therefrom, or in any way disturb the contents thereof, nor shall any other persons handle, interfere with, or in any manner disturb any garbage of any kind put out for collection for removal.

Village of Breton
BYLAW # 10-03

- w) When any garbage can has been condemned or is deemed insufficient by the Bylaw Officer, and written notice to that effect has been given to the householder or proprietor, the condemned garbage can may be removed and disposed of along with the garbage from the premises, in which case the householder or proprietor shall forthwith provide a suitable garbage can or container to replace the one that has been condemned and removed.
- x) No person shall operate a vehicle in the Village while it is carrying garbage or industrial waste unless that portion of the vehicle in which the material is being carried is securely covered or the material is secured to prevent any part of such material from falling off, or out of, the vehicle while in transit.
- y) No person shall deposit any dead animal, manure, excreta, refuse, garbage, liquid waste or other filth upon or into any street, ditch, lane, highway, byway, water, well, stream or onto any land except with the written consent of the Village. Any person who fails to comply with the provisions of this section shall be deemed to have thereby created an offence and shall be liable to the penalties provided for a breach of this bylaw.
- z) All loose paper, paper boxes, straw and other packing or waste material from stores, warehouse and other buildings within the said Village and all loose grass, weeds, twigs and other combustible matter shall not be allowed to accumulate on any premises within the said Village, but shall be so disposed of as not to create a nuisance and any person who fails to comply with the provisions of this section shall be liable to the penalties provided for a breach of the Bylaw.
- za) Any person disposing of garbage, trees or tree clippings or other refuse onto private or public property, unless designated as a disposal site within the said Village, shall be liable to the penalties provided for a breach of this Bylaw.

9. Recycling
